Hello again

A bit of everything here. Alas, no scans are up, but you can always ask for one. I am starting the process of clearing out my stock of stationery, which I do every few years, knowing that other material is on the way, so look for lots of listings on eBay over the next few months.

I continue to focus on other the publication of other philatelic research. My father and I recently released our republication celebrating BC patriotic cachet maker Angus McMillan - his Fifth Anniversary series from 1944-46 created 7 different cachets on Canadian postal stationery, out of his 250+ cachets.

<http://www.angusmcmillan.ca> I also released my latest MOON (Money Order Office Number) cancellation publication covering Newfoundland, the Northwest and Yukon Territories, Military. I am getting my revised BC booklet to print soon, and Alberta and Manitoba are not far behind.

Enough of me - onto the material!

Mike
