My name is Michael Sagar and I am a collector of the postal stationery of Canada and Newfoundland. I have been producing lists since about 1986 to sell my duplicates, most of which will appeal to the beginning to intermediate level collector. I have fairly traditional views of what comprises postal stationery, and generally include only denominated envelopes, aerogrammes, postal cards, lettercards, wrappers, etc. in my collection & stock.

All items are entires (unless noted).
